▶ Preserve your  
Family Memories

## **I transfer photos, slides & video to DVD**

Do you have old photos, slides, VHS tapes, 8mm video cassette tapes, old-style 8mm & super 8mm reels or audio tapes stored away of precious Family Memories?

Have them transferred to DVD and make copies to share as

### **Christmas Gifts**

A wonderful way to put a smile on the faces of Family & Friends, and preserve old memories for future generations.

Dig out those old pictures, slides and tapes and give me a call. Let's preserve those great memories before the pictures fade, and that old film becomes too brittle to be played and you lose valuable memories forever...
